## Large Collapses Bacon Rind

Bacon Rind Southern Madison 2/19/2024 Code Latitude 44.96090 Longitude -111.10000 Notes

From obs: "the snow is still bad! We were on top of bacon rind in the YNP, and dug a pit for fun and education of one of our party members. Experienced some BIG whoomphs on the way up and got very unstable scores. A Q2 CT19 and ECTP24, both around 85cm down into the snow pack (on the top of the very faceted layer we're seeing all over the advisory area."
