## Wind Slab avalanches in Frazier Basin

Frazier Basin
Bridger Range
3/27/2024
Code
SS-N-R1-D2-I
Latitude
45.92330

Longitude
-110.98000
Notes
From IG: Very touchy on Hollywood wall this morning. All slopes easily propagated 4-6" deep on a firm bed surface. Most were less than 50 ' wide with the exception of the slide in the couloir which propagated down the entire couloir, maybe 500' wide, and ran through the exits into the main bowl.
